Wollstonecraft Detective Agency

AR Music Machine Instructions

SET UP INSTRUCTIONS:

- 1. Print this page.
- 2. Place the target image face-up on a flat surface.
- 3. Launch the Wollstonecraft Detective Agency app and tap on a Music Machine in one of the four neighbourhoods to open the AR activity.
- 4. Point the device camera at the target image. The music machine will appear on your screen.

TO PLAY A MUSIC TRACK:

- 1. Select an instrument by facing the camera to the appropriate side. (Alternatively the paper can be rotated to bring the desired instrument into view.)
- 2. Tap on a disk from the bottom menu to load it into the machine arm.
- 3. Push your device forward to the matching slot on the machine until both shapes line up. The arm will automatically drop the track into place.
